## Italian culture through the eyes of international students - do's and don'ts

with **Sophia Willner (International Student Council)**

International students generally enjoy “la dolce vita” here in Padova, but Italian culture still has many peculiarities that affect international students in their everyday life. Many of these peculiarities seem obvious (the expressive gestures, for example), but there is so much more than what meets the eye. The importance of family, the power of interpersonal relations, the Italian somewhat flexible approach to rules, “bella figura”, and the regional disparity between Northern and Southern Italy are only some of the aspects that characterize Italian culture. Once you are aware of them, it will make your life as an international student in Italy easier!
