

Dear colleagues and friends,

It is a great pleasure and privilege for us to welcome you to the University of Padua for the Arqus Summer School “Advanced Liver Disease and beyond”.

We are very grateful for the support of the University of Padua, that with its contribution allowed us to organise this meeting and for the presence of the colleagues from the University of Leipzig, which makes the Summer School a unique event worldwide.

Thanks you for coming, we hope you will enjoy the School.

Warmest regards

Prof. Fabio Farinati

Director of the Department of Surgery, Oncology and Gastroenterology  
University of Padua
