

ARQUS BRIDGING WORKSHOP 24-25 May, 2023

Thematic scope:
DIGITAL URBAN TRANSITION
SUSTAINABLE COMPUTING

Venue: Vilnius University, Universiteto st. 3, Vilnius, Lithuania

Registration: https://shorturl.at/blwDI

Venue: Senate Hall, Universiteto St. 3, Vilnius Venue (Sessions for working in groups): 238/239, Universiteto St. 3, Vilnius 09:00-09:30 Arrival, registration, welcome coffee 09:30-09:45 Official opening and introduction – outcomes we expect 09:45-10:15 "Urban twin transition" – dr. Holger Hoff, Faculty of Environmental, Regional and Educational Sciences, University of Graz 10:40-11:05 "Smart Solutions in Vilnius city" – Eligijus Bujokas, UAB Vilniaus planas 11:05-11:30 "Urban mobility at Trafi" 11:30-11:50 "Situation of researchers in Ukraine at the time of war" - Prof. Bogdana Olynyk, Department of Mathematics, Faculty of Computer Sciences, National University of Kyiv-Mohyla Academy 11:50-12:00 Introduction to parallel sessions 22:00-13:30 Venue: 239, Universiteto St. 3, Vilnius Venue (Sessions for working in groups): 210/83 auditoriums, Universiteto St. 3, Vilnius Venue (Sessions for working in groups): 210/83 auditoriums, Universiteto St. 3, Vilnius University 10:30-10:30 10:30-10:30 10:30-10:30 10:30-11:00 1	24/05/2023	25/05/2023
Venue (Sessions for working in groups): 238/239, Universiteto St. 3, Vilnius 09:00-09:30 Arrival, registration, welcome coffee 9:30-09:45 Official opening and introduction – outcomes we expect 09:45-10:15, Urban twin transition" – dr. Holger Hoff, Faculty of Environmental, Regional and Educational Sciences, University of Graz 10:15-10:40, Towards a Climate-Neutral Vilnius" - Agné Eigminiene, "Climate Neutral Vilnius city" - Eligijus Bujokas, UAB Vilnius uplanas 11:05-11:30 "Urban mobility at Trafi" 11:30-11:30 "Staution of researchers in Ukraine at the time of war" - Prof. Bogdana Oliynyk, Department of Mathematics, Faculty of Computer Sciences, National University of Kyiv-Mohyla Academy 11:50-12:00 Introduction to parallel sessions 12:00-13:30 Session by working in groups: Urban transition (238 auditorium) Sustainable computing (239 auditorium) 14:45-15:15	Day 1	
Arrival, registration, welcome coffee 09:30-09:45 Official opening and introduction – outcomes we expect 09:45-11:50 Invited speeches: • 9:45-10:15 "Urban twin transition" – dr. Holger Hoff, Faculty of Environmental, Regional and Educational Sciences, University of Graz • 10:15-10:40, Towards a Climate-Neutral Vilnius" – Agné Eigminiené, "Climate Neutral Vilnius city" – Eligijus Bujokas, UAB Vilnius University of Graz • 11:05-11:30 "Urban mobility at Trafi" • 11:30-11:50 "Sibuation of researchers in Ukraine at the time of war" – Prof. Bogdana Oliynyk, Department of Mathematics, Faculty of Computer Sciences, National University of Kyiv-Mohyla Academy 11:50-12:00 11:50-12:00 11:50-13:30 Short excursion in the Old Campus of Vilnius University and lunch 13:30-16:30 Session by working in groups: • Urban transition (238 auditorium) • Sustainable computing (239 auditorium) 14:45-15:15	Venue (Sessions for working in groups): 238/239,	Venue (Sessions for working in groups): 210/B3 auditoriums,
O9:30-09:45 Official opening and introduction – outcomes we expect O9:45-11:50 Invited speeches: • 9:45-10:15 "Urban twin transition" – dr. Holger Hoff, Faculty of Environmental, Regional and Educational Sciences, University of Graz • 10:15-10:40, Towards a Climate-Neutral Vilnius" – Agné Eigminiené, "Climate Neutral Vilnius" – Eligijus Bujokas, UAB Vilniaus planas • 11:00-11:30 "Urban mobility at Trafi" • 11:30-11:30 "Situation of researchers in Ukraine at the time of war" – Prof. Bogdana Oliynyk, Department of Mathematics, Faculty of Computer Sciences, National University of Kyiv-Mohyla Academy 11:50-12:00 Introduction to parallel sessions 12:00-13:30 Session by working in groups 12:00-13:30 Session by working in groups 12:00-13:30 Session by working in groups 13:30-16:30 Session by working in groups: 13:30-16:30 Session by working in groups: 13:30-16:30 Session by working in groups: 14:45-15:15	09:00-09:30	09:30-10:30
Official opening and introduction – outcomes we expect 09:45-11:50 Invited speeches: • 9:45-10:15, Urban twin transition" – dr. Holger Hoff, Faculty of Environmental, Regional and Educational Sciences, University of Graz • 10:15-10:40, Towards a Climate-Neutral Vilnius" – Agnė Eigminienė, "Climate Neutral Vilnius" • 10:40-11:05, "Smart Solutions in Vilnius city" – Eligijus Bujokas, UAB Vilnius planas • 11:05-11:30, "Urban mobility at Trafi" • 11:30-11:50, "Situation of researchers in Ukraine at the time of war" – Prof. Bogdana Oliynyk, Department of Mathematics, Faculty of Computer Sciences, National University of Kyiv-Mohyla Academy 11:50-12:00 Introduction to parallel sessions 11:50-13:30 Session by working in groups and conclusions: • Urban transition • Sustainable computing 14:30-16:00 Discussion about Climate change issues in next stage of Arquiproject Brief introduction of Arquis II project - Dr. Julija Savické, Head of Environmental, Regional and Educational Sciences, University of Graz Venue: 210 auditorium, Universiteto St. 3, Vilnius 16:00-16:30 Finalizing outcomes and closing of the event		Paulavičius, Faculty of Mathematics and Informatics,
O9:45-11:50 Invited speeches: O9:45-10:15 "Urban twin transition" – dr. Holger Hoff, Faculty of Environmental, Regional and Educational Sciences, University of Graz I0:15-10:40, Towards a Climate-Neutral Vilnius" - Agné Eigminienè, "Climate Neutral Vilnius" - Eligijus Bujokas, UAB Vilniaus planas I1:05-11:30 "Urban mobility at Trafi" I1:30-11:50 "Situation of researchers in Ukraine at the time of war" - Prof. Bogdana Oliynyk, Department of Mathematics, Faculty of Computer Sciences, National University of Kyiv-Mohyla Academy I1:50-12:00 Introduction to parallel sessions I2:00-13:30 Short excursion in the Old Campus of Vilnius University and lunch I3:30-16:30 Session by working in groups: Urban transition Sustainable computing Venue: 210/B3 auditoriums, Universiteto St. 3, Vilnius 13:00-14:30 Lunch Discussion about Climate change issues in next stage of Arque project Brief introduction of Arqus II project - Dr. Julija Savické, Head of the project activities of the Arqus Alliance at Vilnius University of Environmental, Regional and Educational Sciences, University of Graz Venue: 210 auditorium, Universiteto St. 3, Vilnius 16:00-16:30 Finalizing outcomes and closing of the event		• 10:00-10:30,,Funding opportunities" - Anzelma
Faculty of Environmental, Regional and Educational Sciences, University of Graz 10:15-10:40, Towards a Climate-Neutral Vilnius" - Agné Eigminiené, "Climate Neutral Vilnius" - Agné Eigminiené, "Climate Neutral Vilnius" 10:40-11:55 "Smart Solutions in Vilnius city" - Eligijus Bujokas, UAB Vilniaus planas 11:00-11:30 "Urban mobility at Trafi" 11:30-11:50 "Situation of researchers in Ukraine at the time of war" - Prof. Bogdana Oliynyk, Department of Mathematics, Faculty of Computer Sciences, National University of Kyiv-Mohyla Academy 11:50-12:00 Introduction to parallel sessions 12:00-13:30 Short excursion in the Old Campus of Vilnius University and lunch 13:30-16:30 Session by working in groups: Urban transition Sustainable computing Venue: 210/B3 auditoriums, Universiteto St. 3, Vilnius 13:00-14:30 Lunch Discussion about Climate change issues in next stage of Arquiproject Brief introduction of Arqus II project - Dr. Julija Savické, Head of the project activities of the Arqus Alliance at Vilnius University of Environmental, Regional and Educational Sciences, University of Graz Venue: 210 auditorium, Universiteto St. 3, Vilnius 16:00-16:30 Finalizing outcomes and closing of the event	09:45-11:50 Invited speeches:	Security nesses on respect of many
Eigminiené, "Climate Neutral Vilnius" • 10:40-11:05 "Smart Solutions in Vilnius city" - Eligijus Bujokas, UAB Vilniaus planas • 11:05-11:30 "Urban mobility at Trafi" • 11:30-11:50 "Situation of researchers in Ukraine at the time of war" - Prof. Bogdana Oliynyk, Department of Mathematics, Faculty of Computer Sciences, National University of Kyiv-Mohyla Academy 11:50-12:00 11:50-12:00 Introduction to parallel sessions 12:00-13:30 Short excursion in the Old Campus of Vilnius University and lunch 13:30-16:30 Session by working in groups and conclusions: • Urban transition • Sustainable computing Venue: 210/B3 auditoriums, Universiteto St. 3, Vilnius 13:00-14:30 Lunch 14:30-16:00 Discussion about Climate change issues in next stage of Arque project Brief introduction of Arque II project - Dr. Julija Savické, Head of the project activities of the Arque Alliance at Vilnius University of Environmental, Regional and Educational Sciences, University of Environmental, Regional and Educational Sciences, University of Graz Venue: 210 auditorium, Universiteto St. 3, Vilnius 16:00-16:30 Finalizing outcomes and closing of the event	Faculty of Environmental, Regional and Educati <mark>onal</mark>	
 Bujokas, UAB Vilniaus planas 11:05-11:30 "Urban mobility at Trafi" 11:30-11:50 "Situation of researchers in Ukraine at the time of war" - Prof. Bogdana Oliynyk, Department of Mathematics, Faculty of Computer Sciences, National University of Kyiv-Mohyla Academy 11:50-12:00 Introduction to parallel sessions 12:00-13:30 Short excursion in the Old Campus of Vilnius University and lunch 13:30-16:30 Session by working in groups: Urban transition (238 auditorium) Sustainable computing Sustainable computing Venue: 210/B3 auditoriums, Universiteto St. 3, Vilnius 13:00-14:30 Lunch Discussion about Climate change issues in next stage of Arquis project 		
 11:05-11:30 "Urban mobility at Trafi" 11:30-11:50 "Situation of researchers in Ukraine at the time of war" - Prof. Bogdana Oliynyk, Department of Mathematics, Faculty of Computer Sciences, National University of Kyiv-Mohyla Academy 11:50-12:00 Introduction to parallel sessions 12:00-13:30 Short excursion in the Old Campus of Vilnius University and lunch 13:30-16:30 Session by working in groups:	• 10:40-11:05 "Smart Solutions in Vilnius city" - Eligijus	
 11:30-11:50 "Situation of researchers in Ukraine at the time of war" - Prof. Bogdana Oliynyk, Department of Mathematics, Faculty of Computer Sciences, National University of Kyiv-Mohyla Academy 12:00-12:00 Introduction to parallel sessions Introduction in the Old Campus of Vilnius University and lunch South of the project activities of the Arqus Alliance at Vilnius University of the Moderator of the discussion - dr. Holger Hoff, Faculty of Environmental, Regional and Educational Sciences, University of Graz Venue: 210 auditorium, Universiteto St. 3, Vilnius		Sustainable computing
Prof. Bogdana Oliynyk, Department of Mathematics, Faculty of Computer Sciences, National University of Kyiv-Mohyla Academy 14:30-16:00 11:50-12:00 Introduction to parallel sessions 12:00-13:30 Short excursion in the Old Campus of Vilnius University and lunch 13:30-16:30 Session by working in groups: Urban transition (238 auditorium) Sustainable computing (239 auditorium) 13:00-14:30 Lunch Discussion about Climate change issues in next stage of Arque project Brief introduction of Arqus II project - Dr. Julija Savickė, Head of the project activities of the Arqus Alliance at Vilnius University of Environmental, Regional and Educational Sciences, University of Graz Venue: 210 auditorium, Universiteto St. 3, Vilnius 16:00-16:30 Finalizing outcomes and closing of the event	11:30-11:50 "Situation of researchers in Ukraine at the	Venue: 210/B3 auditoriums, Universiteto St. 3, Vilnius
of Computer Sciences, National University of Kyiv-Mohyla Academy 14:30-16:00 11:50-12:00 Introduction to parallel sessions 12:00-13:30 Short excursion in the Old Campus of Vilnius University and lunch 13:30-16:30 Session by working in groups: Urban transition (238 auditorium) Sustainable computing (239 auditorium) 14:30-16:00 Discussion about Climate change issues in next stage of Arque project Brief introduction of Arqus II project - Dr. Julija Savickė, Head of the project activities of the Arqus Alliance at Vilnius University of the discussion - dr. Holger Hoff, Faculty of Environmental, Regional and Educational Sciences, University of Graz Venue: 210 auditorium, Universiteto St. 3, Vilnius 16:00-16:30 Finalizing outcomes and closing of the event		13:00-14:30
11:50-12:00 Introduction to parallel sessions 12:00-13:30 Short excursion in the Old Campus of Vilnius University and lunch 13:30-16:30 Session by working in groups: Urban transition (238 auditorium) Sustainable computing (239 auditorium) 14:45-15:15 Discussion about Climate change issues in next stage of Arqus project Brief introduction of Arqus II project - Dr. Julija Savickė, Head of the project activities of the Arqus Alliance at Vilnius University of the Discussion - dr. Holger Hoff, Faculty of Environmental, Regional and Educational Sciences, University of Graz Venue: 210 auditorium, Universiteto St. 3, Vilnius 16:00-16:30 Finalizing outcomes and closing of the event	of Computer Sciences, National University of Kyiv-	Lunch
Introduction to parallel sessions 12:00-13:30 Short excursion in the Old Campus of Vilnius University and lunch 13:30-16:30 Session by working in groups: Urban transition (238 auditorium) Sustainable computing (239 auditorium) 14:45-15:15 project Brief introduction of Arqus II project - Dr. Julija Savické, Head of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University Moderator of the discussion - dr. Holger Hoff, Faculty of Environmental, Regional and Educational Sciences, University of Environmental,		
Brief introduction of Arqus II project - Dr. Julija Savickė, Head of the project activities of the Arqus Alliance at Vilnius University of the project activities of the Arqus Alliance at Vilnius University of the discussion - dr. Holger Hoff, Faculty of Environmental, Regional and Educational Sciences, University of Graz Session by working in groups: • Urban transition (238 auditorium) • Sustainable computing (239 auditorium) 16:00-16:30 Finalizing outcomes and closing of the event		, ,
12:00-13:30 Short excursion in the Old Campus of Vilnius University and lunch 13:30-16:30 Session by working in groups: Urban transition (238 auditorium) Sustainable computing (239 auditorium) 14:45-15:15 the project activities of the Arqus Alliance at Vilnius University on Environmental, Regional and Educational Sciences, University on Environmental, Regional and Educational Sciences, University on Graz Venue: 210 auditorium, Universiteto St. 3, Vilnius 16:00-16:30 Finalizing outcomes and closing of the event	introduction to parallel sessions	, ,
Short excursion in the Old Campus of Vilnius University and lunch 13:30-16:30 Session by working in groups: Urban transition (238 auditorium) Sustainable computing (239 auditorium) 14:45-15:15 Moderator of the discussion - dr. Holger Hoff, Faculty of Environmental, Regional and Educational Sciences, University of Graz Venue: 210 auditorium, Universiteto St. 3, Vilnius 16:00-16:30 Finalizing outcomes and closing of the event	12:00-13:30	
Session by working in groups: • Urban transition (238 auditorium) • Sustainable computing (239 auditorium) 14:45-15:15 Venue: 210 auditorium, Universiteto St. 3, Vilnius 16:00-16:30 Finalizing outcomes and closing of the event		Moderator of the discussion - dr. Holger Hoff, Faculty of Environmental, Regional and Educational Sciences, University of
 Urban transition (238 auditorium) Sustainable computing (239 auditorium) 16:00-16:30 Finalizing outcomes and closing of the event 	13:30-16:30	Graz
• Sustainable computing (239 auditorium) 16:00-16:30 Finalizing outcomes and closing of the event 14:45-15:15	, , , , , , , , , , , , , , , , , , , ,	Venue: 210 auditorium, Universiteto St. 3, Vilnius
Finalizing outcomes and closing of the event 14:45-15:15	· · · · · · · · · · · · · · · · · · ·	16:00 16:20
14:45-15:15	Sustainable computing (239 auditorium)	
Coffee break	14:45-15:15	
	Coffee break	
16:30-21:00	16:30-21:00	
Free time allowing individual networking and meetings/Social event
