

Summer School 2024 - University of Padua

SPEAKER INFORMATION

Personal Information	Assoc Prof. Šarūnas Grigaliūnas (Sarunas Grigaliunas) E-mail sarunas.grigaliunas@knf.vu.lt Num.Tel. +370 698 31029
Job position University and/or Business company	Assoc. Professor at the Institute of Social Sciences and Applied Informatics (Vilnius University)
Professional Bio (max 400 characters – spaces included)	Dr. Šarūnas Grigaliūnas, an associate professor at Vilnius University's Institute of Social Sciences and Applied Informatics, holds a PhD from Kaunas University of Technology. With over 15 years in IT and cybersecurity, he specializes in IT security auditing, cybersecurity, and digital forensics. Certified as an ISECOM Penetration Tester and ISO 27001 ISMS Auditor, he's integrating AI into education, developing novel AI-based teaching methods. Chairing Lithuania's TK 79 Information Security group, he contributes to international standardization. His research focuses on cybercrime and digital forensics, incorporating machine learning in incident response.
Title of the workshop	Leveraging AI in academic research
Short Abstract (max 400 characters – spaces included)	Explore AI's role in academic research with Dr. Šarūnas Grigaliūnas. This workshop delves into AI tools, ethical considerations, and enhancing research methodologies, equipping educators with skills to guide students in AI-assisted research paper creation. During the workshop, you will learn how to create an AI-assisted research paper.
3 KEYWORDS	Ethical AI usage AI-Assisted learning Research papers
