PROVISIONAL SELECTION RESULTS

Arqus Talent Scholarship Fund – 3rd call (master's students only)

The Arqus Talent Scholarship Fund is a scholarship scheme designed to attract and retain talent at postgraduate level from around the world. The scholarship is composed of a subsistence allowance of €1,400.00/month to cover the student's living costs, medical insurance and a materials allowance.

In addition, the Arqus Talent Scholarship will cover the tuition fee at the student's entrance university for the duration of the scholarship.

The Arqus European University Alliance would also like to support students with fewer opportunities under this scholarship scheme by providing a special needs fund of €250/month.

Priority will be given to refugees/asylum seekers, students with fewer opportunities and applicants with a Bachelor's degree not obtained at the Arqus university where they will undertake the Master's studies.

The scholarship will be paid throughout the student's studies with the following **maximum duration** but not beyond the end of the funding period of this scholarship scheme, which is 30.09.2026. Depending on the regular duration of the chosen Master's programme, the scholarship will have a maximum duration of 12, 18 or 24 months.

The start of the scholarship is **dependent** on admission to the degree programme.

RESULTS

We are pleased to present the provisional results of the third call of the Arqus Talent Scholarship Fund on the following pages. A total of **11 scholarships** have been awarded under this scholarship scheme.

We are also pleased to announce that the **University of Granada** and the **University of Padua** have provided funding to support **two additional Master's students for their universities** (one additional scholarship per university). Please note that these scholarships will be managed by the respective awarding university.

IMPORTANT: While the results are currently provisional (i.e. subject to changes should any [appeals](#) be granted), it is **imperative that awarded students begin preparing their visas (if applicable) immediately to avoid any delays in their academic journey.**
