

WG04 – Arqus Student Agora
MS05 Call for student co-designed Projects:
Enhancing Inter-Institutional Student Experience within Arqus 2025

CRITERIA (scale 1 - 5, where 1 is “not relevant” and 5 is “very relevant”):

- **Relevance.** How does the project aim to improve the student experience within and across the Arqus Alliance?
- **Innovation.** In what ways does the project showcase originality and creativity in its efforts to enhance the student experience?
- **Feasibility.** Is the project realistically attainable within the allocated time frame and budget constraints?
- **Reusability.** What is the potential for the project to be repeated over the long term?
- **Collaboration.** How does the project facilitate collaboration among students from the local university, various member universities of the Arqus Alliance, as well as local associations and civil society organisations and initiatives?

*****Projects scoring below 20 points will not be funded.**

*****Projects marked as "Not Applicable (N/A)" do not align with the objectives of the call, are primarily research-oriented, and fail to consider the engagement of the Arqus community.**

RESULTS

Main applicant	Project title	Relevance (1-5)	Innovation (1-5)	Feasibility (1-5)	Sustainability (1-5)	Collaboration (1-5)	Total points
Chang Li	P.A.G.E.S: Picture books As Gateways to European Society	5	5	4	4	4	22
Marcus Silva de Santana	Enhancing Flood Predictability in the Iberian Peninsula: A Statistical and Hydrodynamic Framework						N/A
