

1

2

Main concepts

- What is Moodle?
- Login to the Virtual Campus
- General structure of the VC
 - Menus / My courses / Edit mode / Your personal space
- Catalogue and Categories
- User roles
 - Student / Teacher / Non-editing teacher / Manager

3

Main concepts

- Course configuration
 - Enrolment and enrolment types
 - Manual enrolment / auto-enrolment / guest
 - Course visibility
 - Participants

4

Main concepts

- Resources

- File

- Size is limited to 250MB
 - For bigger files, use Arqus Drive as repository and link from the course

- Folder

- Container for files

- Page

- You can customize with HTML

- URL

- Configure to open in the same page or new tab

5

Main concepts

- Evaluation activities

- Attendance

- Allows to record sessions and attendance of users
 - Allow self-attendance registration (with password)

- Assignment

- PDFs can be reviewed online

- Quiz

- Question banks

- Lesson

- Mixed content and evaluation in the same activity

6

Main concepts

- Interaction activities

- Forum
 - Notification to students
- Workshop
 - P2P review of submitted works
- Survey / feedback
 - May be anonymous
- Chat

7

Main concepts

- Collaboration activities

- Database
 - Storage of elements by participants (students)
 - Self-configuration of the database
- Wiki
 - Pages and information can be added by participants

8

Main concepts

- Communication
 - Messages
- Certification
 - Badges
 - Certificates

9

Applications & use cases

10

Use cases

- Use your personal space to experiment
- Example courses
 - Official degree course
 - Microcredential / MOOC with certificate
 - Certificate issuance with badge
 - Working group repository
 - Community

11

Some Q&A

- How can I place big size files in VC?
 - The limit for files is 250MB. You must upload these files to Arqus Drive and then link them from your course
- Can external users access to VC?
 - Not at this moment. This policy should still be implemented. We will enable access to MOOCs when available.

12

Use cases

- Let's complete the use case list together here
